Sundial Pedestal Options in the USA

Heavy stone/concrete pedestals are expensive to ship from Europe, so here are sturdy options you can buy locally. Prices are approximate and may change.

1. Home improvement stores (best value, free in-store pickup)

Order online and choose **Buy Online, Pick Up in Store** to avoid freight charges.

Product	Where	Approx. price
Henry 26.25" Concrete Corinthian Column Plant Stand	Home Depot	~$108
Aria 23.25" Concrete Roman Column Plant Stand	Home Depot	~$99
Concrete Angel Garden Pedestal (Athens Stonecasting)	Home Depot	~$128
42" Concrete Limestone Column Kit with Top Cap	Home Depot	~$658
26" Natural Concrete Birdbath Pedestal (base only, solid and heavy)	Lowe's	check site

2. Cast stone garden ornaments (higher quality, made in the USA)

Campania International and **Massarelli** make US-made cast stone birdbaths and pedestals; a birdbath base without the bowl makes an excellent sundial pedestal. Sold through garden centers, e.g. Patuxent Nursery (MD).

Tip: many towns have local concrete statuary yards with pedestals and columns at good prices. Search Google Maps for *"concrete garden statuary near me"*.

3. Balusters / architectural precast

Single concrete balusters are hard to buy retail. Regional precasters (e.g. Atlantic Coast Precast, FL) may sell one piece on request. Online listings exist (eBay example), but freight can exceed the item price.

What to look for

- **Height:** about 28-40 in (70-100 cm) is comfortable for reading the dial.
- **Flat, level top** at least as wide as the sundial plate; check with a spirit level when installing.
- **Heavy material:** concrete or cast stone. Lightweight resin columns should be anchored or filled with sand.
- **Secure the dial** with stainless steel bolts or exterior stone adhesive so it cannot rotate.
- **Frost-proof** material if you live in a cold climate.

Recommendation: the simplest choice is the Lowe's concrete birdbath pedestal or the Home Depot Corinthian column, picked up in store. For a more refined look, choose a cast stone pedestal from a local statuary yard or a Campania dealer.
